THE TEXAS A&M UNIVERSITY SYSTEM

Stacy Pritt, DVM, MS, MBA, CPIA, CHRC, EXCS, ECoP, DACAW

Associate Vice Chancellor, Research

Chief Research Compliance Officer

The Texas A&M University System

Dr. Stacy Pritt is Associate Vice Chancellor and Chief Research Compliance Officer at The Texas A&M University System. As a leader within the A&M System Office of Research, she supports compliance to regulations and guidelines for animal research, human research protections, financial conflict of interest in research, research with biohazards, research misconduct, and other areas of research compliance across the System's 12 universities and 8 state agencies.

Prior to coming to The Texas A&M University System, Dr. Pritt served in leadership roles across academia and industry, including at the Harvard Medical School and the University of Texas Southwestern Medical Center. In those roles, she not only directed multiple research compliance offices but also managed drug and medical device research programs, focusing on ocular diseases and wound healing. She also spearheaded a successful cross-institutional collaboration with the Texas A&M University School of Veterinary Medicine and Biomedical Sciences to fund novel research collaborations as a part of a $40M NIH Clinical and Translational Science Award.

Dr. Pritt is a nationally recognized expert in research compliance, having authored or co-authored over 100 publications, including book chapters, on various compliance subjects. Additionally, she is a sought-after speaker on research compliance, animal welfare, professional development, and leadership.

Dr. Pritt is a notable leader within the veterinary profession, having served as the Vice President of the American Veterinary Medical Association, the largest veterinary organization in the United States, and President of the American College of Animal Welfare. Currently, she serves in leadership positions within various organizations including the Society of Research Administrators International, Americans for Medical Progress, and Council on Governmental Relations. She is the recipient of numerous awards for her leadership, speaking, and training activities.

Dr. Pritt received her B.S. in Biology from the California State Polytechnic University at Pomona, where she recently served on the College of Science Dean's Advisory Committee. She received her D.V.M. from the Washington State University College of Veterinary Medicine and is a recipient of their Outstanding Service Alumni Award. She has also earned an M.S. in Managerial Science and an M.B.A. in Healthcare Management, and is certified in institutional animal care and use (IACUC) administration, healthcare research compliance, and export control. She is an adjunct professor within Texas A&M University's College of Veterinary Medicine & Biomedical Sciences.
